The Personal Development, Health and Physical Education department continue to have a busy program of events in 2015. We welcomed Mr Lachlan Blaikie, previously from the Support KLA and a trained PDHPE teacher to our faculty full-time. Ms Sarah Murray and Mr Rhys Harvey have also come into the PDHPE Faculty involving themselves in external sport throughout 2015 along with Mr Mac Gorringe from first term. We are still very enthusiastic about our new gymnasium, classrooms and fitness laboratory. This has substantially improved the opportunity for our students to be exposed to a variety of new practical experiences. The provision of additional facilities will increase opportunities for our students with these being some of the best in the state. We have modified our teaching programs to make the best of these new facilities with Year 9 and 10 currently completing Dance and Movement Sequence units and the Year 12 Sport, Lifestyle and Recreation class using the Movement Lab in their Resistance Training unit. Senior students have also been attending circuit classes in the mornings prior to school, utilising the machines and weights in circuit classes.

**ASTLEY CUP 2015**

**WE WON!!!!**

Having been beaten by Orange High School last year, the 2015 Bathurst High team were looking to amend this result. This was a fantastic win, given that both of the opposing teams had formidable teams that had demonstrated strengths in winning Western Region competitions. The measure of success this year was not only in the results but also with the on-field behaviour and sportsmanship displayed towards the opposition. Congratulations to all students involved in this years’ competition. We proved too strong for both Dubbo and Orange in 2015. The excellent attitude of students in this sporting competition was exemplary.

**Results vs Orange High School**

**Tennis** – Very close throughout the morning with the eventual result quite fitting with a draw 8 sets all.  
**Netball** – Orange proved far too strong with a convincing win over our team 56 - 17.  
**Basketball** – See-sawing battle throughout the game with Orange too strong in the 3rd and 4th quarters running out eventual winners 44 - 34.  
**Hockey** – In a result not seen since “at least 1965” according to one ex-student’s grandparents, Bathurst defeated Orange 3-1. Goals were scored by Kate Hamer, Hayley McLeay and Captain Emma Siekja in her last year of competing in the Astley Cup. A late goal to Orange kept the score line respectable for what was an historic victory over one of the powerhouses of Hockey in the State for many years.  
**Rugby League** – A disappointing result given the pre-game build-up. A late try, tying the score and a conversion saw Orange High School win just on the final bell.  
**Athletics** – Traditionally a very even event between each school. A marginal overall win for Bathurst High 52 – 48 Astley Cup points. Claire Woolmingtons’ effort competing in most of the events for girls was a highlight.  
**Girls’ Soccer** – Goals to Alora Dickson and the goal keeper from Orange High gave the girls a 2 – 0 win.  
**Boys’ Soccer** – A cracking left footer from mid-fielder Mitch Rooke curling away from the goalie sealed the round with a win for Bathurst. In a tough and physical game, the boys were the dominant team and deserved several more goals given the run of play in our favour throughout the game.
Astley Cup cont.....

Results vs Dubbo Senior College

**Rugby League** – Another disappointing result given the half time score was 16-0. Dubbo ran away in the 2nd half scoring easily and were the eventual winners 52 - 0.

**Girls’ Soccer** – A draw was a fitting result given the strong turn-about of form from Dubbo in the second half after Bathurst lead 2 – 0 at half time. Goals to Annabel Meadley and Hayley Cheney who was injured for most of the second half.

**Boys’ Soccer** – 5 – 0 was a deserved score line given the amount of time spent in their half. Brilliant midfield possession kept Dubbo scoreless and provided scoring opportunities at will.

**Tennis** – 15 sets to 1 to Bathurst gave our team a 90 point swing in our favour. This meant we went into day 2 with a 64 point lead.

**Hockey** – 15 – 0 gave our team a 150 point lead into the final 3 events. A very one-sided game with Bathurst scoring at will. Sophie McCauley – 6, Emma Siejka - 5, Kate Hamer – 3 and Hayley McLeay with 1 goal.

**Athletics** – Dubbo Senior College were very strong given the new multi-million dollar synthetic running track and facility in their backyard to train and compete. 66 – 34 Astley Cup points was a fitting result given their strengths and depth of talented athletes.

**Netball** – 54 – 43 was not a reflection of the improvement shown in the team from their previous effort against Orange. Dubbo were a very formidable team with many Western Region reps in the team. The 4th quarter being the decisive part of the game with Dubbo able to run away with the win. Outstanding efforts from all involved.

**Basketball** – Bathurst High Campus were able to contain and at one stage lead Dubbo Senior College, Western Region Champions containing many representatives. The final score of 48 – 29 was not reflective of the close game played.

Other recent sporting success news

Tom Kemp 16’s Rugby League
The Under 16’s Rugby League team became Western Region champions in the Tom Kemp Shield competition. They played Dubbo South High School in the final at Molong in the last week of Term 2.

Bill Turner Cup 15’s Soccer
The Under 15’s played Daramalan College from Canberra at their home ground. A scoreline of 2-0 at half time became 5-1 in their favour at full time. A lone goal from Ryan Rooke, the only consolation for a game that did not reflect the potential of the team. The opposition coach commented that the result should have been closer, if not reversed if our team had played consistently well all game.

WSSA Cross Country
Our largest group travelled to Guerie for WSSA Cross Country in Term 2. Nick Charters won his age group at this carnival. Jake Sheader was placed in the top 5. Jake, Patrick Halsey and Brooke Tuynman were all successful in gaining selection to the State Carnival on the 17th July at Eastern Creek. All 4 were impressed with the standard and the difference in competitors from the regional carnival. All placed mid-field of the approximately 100 runners in each age group.
WSSA Athletics
Mr Lawler last week took 26 athletes to Dubbo for the WSSA Athletics championships which also doubled as the qualifier for CHS Athletics at Homebush coming up on the 3-5th September. This was held at the new synthetic track in Dubbo, very few of our runners had ever run on such a surface. The following athletes have qualified for CHS. Patrick Halsey 1st in the 1500m and 800m, Brook Tuynman 1st in 800m, Scott Brown 1st in Long Jump, Paige Salas 1st in High Jump and 1st in 200m, Simone Peters 2nd in Triple Jump, Molly Peters 2nd in Discus, Claire Woolmington 1st in Long Jump and 2nd in 100m and Ella Davis 1st in 100m and 2nd in 200m. This is by far the largest contingent we have sent to CHS for some time from Bathurst High Campus and best of luck to them in the upcoming State championships.

House Captains and Leadership teams for 2015
Congratulations to the following students who have been successful in leading their houses for 2015 in the Swimming, Athletics and School Fun Run events.

Lawson House
Back- Brendan McMahon, Charlie McKenna and McKenzee Newton.
Centre- Shenoa Marchant-Dallas, Teagan Lawson, Shania Morgan and Cindy McGrath,
Front- Mikayla Lay and Sabrina New

Evans House
Esmond Gray, Amy Deaton, Paige Debenham and Jordan Goulding
**Mulvey Cup**

**Blaxland House**
Cherish Bright, Jasmine Cuzner and Joshua Cambey

**Wentworth House**
Back - Catherine Walther, Abby Shaw, Preston Parker, Braydon Ross, Mitchell Rooke, McCoy White, and Felix Quinn.

Front - Paige Salas, Claire Woolmington and Emma Stejka.

Congratulations to Abbey Hardie who has recently made the NSW under 16’s AFL team. Abbey is pictured in the front row, third from the right.

Mr Darren Hamilton
Head Teacher PDHPE
I had the pleasure of attending the Skillset Regional Awards in Bathurst today. Paige Debenham from year 12 was presented with the “Skillset Indigenous Youth Careers Pathways Award”. Paige has completed a school based traineeship in Early Childhood Education and Care as part of her Higher School Certificate. Paige worked at Towri Childcare Centre during Year 11 and this year has worked at the West Bathurst Pre-School. Paige works on a Tuesday instead of attending her normal school lessons. When she finished Year 12 she will have also completed her Certificate III from TAFE. Congratulations Paige!!

Congratulations also to two ex students of Bathurst High, Jonathan Cutler and Alira Simpson who also received regional awards.

I would like to congratulate Des Crawford our Head Teacher Administration who completed the Department’s Aboriginal Teacher Leadership Program last week. The program required Des to carry out Action Research in the school and he focused on the engagement of Indigenous students. Des also presented at a regional Leadership Conference on writing applications for promotions positions and was congratulated for his outstanding presentation.

Many staff have been involved in recent professional learning and are to be congratulated for their commitment to their ongoing professional development. All staff now have their own Performance and Development Plan addressing their professional goals and learning.

On Friday 11th September the school will have a Harmony Day. On this day Year 7 students will be presenting their Integrated Studies projects and the Year 12 Leadership Team will plan a day of Multicultural Celebrations. This will include a multicultural feast at lunch time and students will have the opportunity to purchase food from around the globe.

Just a reminder that on Tuesday 25th August at 6pm in the Performing Arts Theatre there will be a University Information evening. This will be an opportunity to gain information on applications, early entry procedures and scholarships. Students and parents are encouraged to attend.

In Week 4 the Leadership Team organised a highly successful visit by the Blood Bank. 31 senior students rolled up their sleeves and donated blood, many for the first time. The positive contribution to society these volunteers are making cannot be overstated. The majority of donated blood goes to people with cancer, as well as people who have suffered traumatic accidents, burns or those undergoing surgery. It is to be hoped that our students have begun a lifelong habit by donating blood every three months.

Another contribution to the wider society was made by all students who participated in Jeans for Genes day. This is the major fundraiser for the Children’s Medical Research Institute at Westmead. Research being undertaken there is in the areas of cancer, embryology, epilepsy and inherited liver disease. Our school was able to raise considerable funds to donate to this cause.

Jenny Stirling
Relieving Principal
A Message from the Deputy Principal Senior School

As we reach half way through Term 3, both Year 11 and Year 12 students are approaching their completion of the Preliminary and HSC Courses. Year 12 are sitting their Trial HSC Examinations. These Examinations are usually purchased from professional examination providers to provide the students with examinations that are original and are as close as possible in style to those they will be sitting in October and November. For most courses these will be the final assessment tasks for Year 12. Those students who have prepared diligently over the preceding weeks and months should be rewarded for their efforts. Those that have not made the necessary efforts still have time to redeem their situation. A concerted effort for the next 8 weeks will see a drastic improvement in results. The finishing line is in sight. Maintain your focus!

Year 12 students who study courses that require a major work, are submitting and presenting them over these middle weeks of term. Thoroughly enjoyable evenings have been spent by parents and friends of Drama and Music students as they watched the students present their HSC performances. We wish all these students the very best as their projects and performances are marked by external markers over the following weeks. A special thanks to the teachers who prepare the students for these. It is an enormously time consuming period for teachers who often give up whole weekends to allow students to put the finishing touches to their works.

Preliminary students only have three more weeks to submit assessment tasks. They will then sit their End of Preliminary Course Examinations in Week 9 and 10. A concerted effort is needed now to consolidate their learning and achieve results of which they can be satisfied.

Year 11 Biology students travelled to Dubbo on Tuesday 28th July to participate in an Australian Biota Study Day at Western Plains Zoo. This provided the opportunity for students to study a range of living plants and animals and their adaptations to life in the Australian environment. They were also able to compare fossils of extinct Australian mega fauna with the extant related fauna. These students will also be travelling to the Olympic Park later in the month to study the mangroves in the estuarine environment of Homebush Bay. Both these excursions strongly support the syllabus in Preliminary Biology.

In Week 3 all students in Year 7-10 attended a Cybersafety Presentation by Constable Belinda Bostock, the Police Youth Liaison Officer. Students learned about how to use Facebook, Snapchat, Instagram and other Internet functions safely, legally and responsibly. The take home message is if you would not be happy for your Grandparent to see what you put on the Web, then don’t put it there. Once something is placed into cyberspace it is there forever, cannot be retrieved and can be accessed by an infinite number of people.

Year 10 students attended a presentation in Week 4 in the Performing Arts Theatre by a journalist from the ABC. She was introducing ‘Heywire’, a competition for 16-22 year olds who live outside the big cities. Entrants are required to tell a story about an aspect of their life, where they live in text, video, photos or audio. Winners score an all-expenses paid trip to the Heywire Summit in Canberra, to develop ideas to make regional Australia an even better place for young people.

40 senior students travelled to Jindabyne in Week 5 for three days of skiing at Blue Cow. The weather should certainly have produced ideal conditions for them!

Week 5 also sees Year 10 students and their parents participating in Future Directions interviews with leading teachers at Denison College. This process is designed to support students in making the best choices about what subjects to study in Year 11.

As I read back over this it reminds me just how much variety is available in our school for students.

Alexa Barr
Relieving Deputy Principal
Hard to imagine we’re over half way through the term already! As usual there has been a lot going on in the middle school.

**Parent Teacher Night**
It was great to see parents at the parent teacher night. If you were unable to make it and would like to talk to any of your child’s teachers please ring the office to arrange a meeting. Information about your child’s progress can also be found via the parent portal on millennium. Please contact the office if you would like further information on how to access this.

**Electives for Year 9 and Year 10**
Students have all handed in their elective choices and the school is now in the process of organising the lines that the subjects will run on. Once this is done we will be able to start finalising the electives for 2016. More information will be available to students when we have this process finished.

**Kids Teaching Kids**
Well done to the Year 7 students who have been involved in this program. I had the pleasure of visiting the class and was able to see some fantastic examples of team work and leadership. The students who were then selected to go to the workshop at Forbes are to be congratulated for their participation and enthusiasm at the workshop. A huge thank you to Miss Cassie Burt for co-coordinating the program and in particular for going beyond the call of duty in after-hour’s supervision when the bus broke down on the way back! Well done to the students for their co-operation and endurance on what was a long wait!

**Uniform**
Just a reminder that students need to be in the correct winter uniform. If students are cold then we encourage them to wear extra layers underneath their uniform or of course a warm coat over the top is fine. If there is an unavoidable reason for your child being out of uniform please send in a note and an out of uniform pass can be organised for them at roll call. A reminder that the uniform shop is open Tuesday 8.30 – 11.30 am and Thursday 1.00 – 4.00 pm at the school. If you require assistance with purchasing a uniform please contact me via the front office.

**Vaccinations**
The third round of vaccinations for Year 7 are on 3rd September. This is also a catch up opportunity for students in other years who may have missed out on one. Information about the vaccinations were sent out earlier in the year but if you have any questions please contact Mauricia Withyman via the school office.

**Cyber Safety Presentation**
Well done on all the students who listened attentively to the presentation by Belinda Bostock, our school police liaison officer, on cyber safety. The presentation was very informative. The biggest lesson for me is to know how important it is to manage your privacy settings and to also understand that there is no such thing as being able to permanently delete anything from cyber space. Included in the back of this newsletter is some information for parents about cyber safety.

**Year 9 Camp**
On the 18th – 20th November the Year 9 Camp will be held at Milson Island. Ms Withyman will be sending information out shortly about the camp. There is the option of a payment plan for the camp. Please contact me via the school office if you would like to organise this.

Stephanie Scott
Relieving Deputy Principal
Middle School
The Bathurst High Campus library is part of the Bathurst High Learning Commons on the upper floor of the original Bathurst High building. The Learning Commons is a range of flexible learning spaces for teaching and learning. New furniture is replacing the older traditional library chairs and tables.

In 2014, in response to the changing needs of students, availability and cost of books the Bathurst High Campus library set about reorganising the book stock and spaces. As part of the reorganisation the Learning Commons was established and replacing physical books an eBook lending platform was established.

The library now employs an ePlatform developed by Wheelers, a New Zealand company. This platform is also used by the town library run by Bathurst Council. It is widely used and good value with local support. The Bathurst High Campus eBook platform can be found with the following link: https://bhc.wheelers.co/.

We have so far added a few hundred books and hope to add many more by the end of October. The range has been chosen to appeal to students but we have also added some classics and non-fiction. The eBooks may be read on tablets, smartphones and computers.

Anyone in the school community may register to use the ePlatform. The registration process at this stage involves an online application that notifies library staff that you are interested. Once it is verified that you are a student, teacher or carer your application will be accepted.
The eBooks are loaned for 2 weeks and may be re-borrowed. The eBooks are borrowed from the website and may be read in a web browser or in an app. The apps are available for Android, iOS and Windows. At the end of the loan period the eBook drops off your device.

The library has 10 Samsung 7” tablets that may be used for reading eBooks in the library space. They may also be used for browsing the internet and there are some games available to play.

The library is happy to have people suggest books or subjects to be obtained for the eBook platform. Please send an email to peter.g.grant@det.nsw.edu.au.
On 3rd August, Years 10 and 11 English students received a visit from Skye Manson, a journalist with the ABC. She promoted the ABC’s Heywire competition which celebrates the voice of rural youth on issues which concern them. Competitors may write 400 words or submit 10 photos or a short film by 16th September. Ms Manson shared the work of previous winners which can be found at: http://www.abc.net.au/heywire/winners/ Winners travel to Canberra for a week and stay at the Institute of Sport. Hopefully Bathurst High can send someone in 2016 to take part in this Youth Forum!

On Monday 17th August, students in Years 7 and 9 have the opportunity to hear a performance by the 2014 Champion Slam Poet, Zohab Zee Khan. Zohab is a compelling raconteur, proficient didgeridoo player and a harmonica beat-boxer. His performance combines rap, slam poetry and improvisation. At just $5 per student, this promises to be a show well worth the small cost. Zohab should inspire English students to tap their own creativity and improve their writing. It will also be a lot of fun.
**Science**

**Liquid Nitrogen!**

On June 25th, the Year 12 Physics class observed a demonstration of magnetic levitation. The students had been learning about the Meissner effect which uses superconducting materials to create levitation. When the superconducting material was supercooled to -140°C using liquid nitrogen (approximately -196°C) the superconducting material expels any magnetic fields near it. This enabled us to levitate a small magnet on top of the superconducting material.

This technology has been used to create the maglev train between Shanghai city and the airport. This train reaches 430km/h and does the 35km trip in around 7 minutes.

As this is a unique opportunity several other experiments were carried out. Supercooled ice cubes caused Coca-cola to freeze to the outside of the ice cubes. A balloon was deflated as it was supercooled and automatically reinflated as it warmed back up to room temperature. Supercooled flowers and fruit shattered like glass when hit with a hammer and frozen marshmallows made a cool treat.
**Department of Education Public Schools NSW Leadership Award.**

Brandon Kober Brown –
Department of Education Public Schools NSW Leadership Award.
On the 29th July, Brandon Kober Brown was presented with the Wadhagaragara award for excellence in leadership. This award is presented to Aboriginal students who have shown and demonstrated exceptional skill in promoting, encouraging and supporting student participation across their school and community. They needed to demonstrate effective communication skills, input into school initiatives and be ambassadors to their school communities.

It was a wonderful ceremony which featured Indigenous singing and dances from across Western Region. Luke Carroll was the special guest who presented Brandon with his award.

Congratulations Brandon.

Brandon Kober Brown

**Japanese Sister City Visit**

On Saturday 1st August 8 students from Bathurst’s Sister City of Ohkuma came to Bathurst on their annual “Wings of Hope Tour”. This visit has been running for 25 years and despite the earthquake, tsunami and nuclear disaster in 2011, it continues to happen. The students were hosted by Bathurst High families and they participated in interactive, communicative activities with the Year 9 and 10 elective Japanese students each morning from Monday to Wednesday. Working also with theatre media students from CSU, students communicated through various mediums their opinions of their towns and the sister city relationship.

All the students involved in the visit found it an extremely beneficial experience. Not only did we rehearse our language skills but we learned about the value of connectedness to community. These students from Japan no longer have their original hometown, and as they become more and more dispersed around Japan, the opportunity that the sister city tour offers them is more valuable than ever.

The visit has also been documented by ABC at the following link:
http://www.abc.net.au/local/
CHS Tennis

## Please note....

**P & C**

Our next meeting will be on Wednesday 2nd September in the staffroom at 7.30pm. Hope to see you there.
PARENTING TEENAGERS
Veritas House will be conducting the popular Teen Triple P parenting program again soon.

Bring the joy back into parenting and solve problems such as,
- Over use of technology
- Resistance to school
- No help around the house

The program is free and begins on Tuesday 25 August 2015
Morning or evening sessions available.
Please ring Graham Palmer on 6332 2277 for more information and to reserve a place.

Fact sheet

CYBERBULLYING

Follow us: @ThinkUKnow_Aus | facebook.com/ThinkUKnowAustralia

Cyberbullying is the repeated use of the internet, mobile phones and other technologies to bully, intimidate and humiliate others. It differs from other bullying because it often continues outside of school and school hours. It can be 24/7 and sometimes you may not know who is behind it.

What does cyberbullying look like?
Cyberbullying might occur over the internet, in instant messaging (IM), social networking sites, blogs or through online gaming. It can also occur over the phone, by SMS or MMS, or voice and video calls.

Why do people cyberbully?
There are a number of reasons why people might cyberbully others, including:
- think it’s amusing
- don’t like the person
- don’t consider it to be a big deal, “it’s just words”
- don’t believe there are any consequences
- think they can be anonymous

None of these reasons, or any others, can justify cyberbullying.

What are the effects of cyberbullying?
Things that happen on the internet or mobile phones can have offline consequences. Some of the effects of cyberbullying may be:
- anger
- embarrassment
- fear
- poor performance at school
- loss of confidence and self-esteem
- revenge cyberbullying or retaliation
- self-harm, even suicide

Cyberbullying hurts people. It can ruin lives. There could even be legal consequences for harassing or threatening someone online.

Most importantly, know where you can go for help! Speak to an adult you trust if something makes you feel uncomfortable. You can also contact:
- Reach Out: www.reachout.com.au
- Bullying. No Way!: www.bullyingnoway.com.au
- Kids Helpline: 1800 55 1800
- Youth Beyond Blue: www.youthbeyondblue.com
- The website, application or phone carrier that you were using at the time

What can you do about cyberbullying?
Don’t start it! Cyberbullying is never acceptable. Think before you post something mean, or send someone a hurtful message.
Don’t be a part of it! As a bystander, you can do something to stop cyberbullying. If someone tries to get you involved in cyberbullying, say NO.
Don’t let it get out of control! You need to tell someone if you are being cyberbullied so that they can help you to make it stop.
Stand up! Be an active bystander and tell a trusted adult if you see cyberbullying occurring.

How can you stay in control?
- learn how to block and report unwanted communications
- find out your school’s policy on cyberbullying
- research what policies your Internet Service Provider (ISP) and any online sites and applications you are using have on cyberbullying
- tell someone!

How can you help your friends?
- support the person who is being bullied - you never know when you might need help too
- encourage them to speak to a trusted adult
- don’t forward or pass on any cyberbullying materials such as links to humiliating videos or gossip texts
- create a positive culture in your school and community which doesn’t tolerate bullying in any form

CYBER SAFETY
top ten tips for youth

The internet and mobile phones provide great ways to express yourself and communicate with others. It’s important to make sure they’re used responsibly so that everyone has an enjoyable online experience. It’s all about respecting yourself and others.

1. Use a strong password, a combination of upper and lower case letters, numbers and symbols, e.g. P@$$w0rd!
2. Use secure web browsers, those with https at the start of the URL and a padlock or other indication that it is secure, when sharing sensitive information.
3. Update your operating system regularly and make sure you have antivirus software installed on your computer and other devices – phones too!
4. Avoid opening or responding to emails from people you do not know and aren’t expecting – They could contain a virus or malicious software.
5. Don’t give out private information over the internet or mobile phones about you, your family and friends. Also think about what information might be contained in photos you share.
6. Only accept friend requests from people you know and trust. When it comes to friends and followers online it is not a popularity contest!
7. Think before you post! Once you’ve pressed ‘Send’ you can’t get that back. Who might see that photo, video or comment? Where might it end up?
8. Make sure your social media accounts are set to private or friends only! Also make sure you check your privacy settings regularly as they can change without you knowing.
9. Tell your friends to ask for your permission before uploading or tagging you in a photo – Make sure you do the same!
10. Don’t post inappropriate or illegal content - It is impossible to permanently delete digital content once it has been shared.

Most importantly, know where you can go for help! Speak to an adult you trust if something makes you feel uncomfortable online or on a mobile phone. You can also contact:

- Reach Out: www.reachout.com.au
- Bullying. No Way!: www.bullyingnoway.com.au
- Kids Helpline: 1800 55 1800
